

### NOTICE

#### Winlock Municipal Code 13.05.150

- A. No person, firm, or corporation, other than an authorized employee of the water and sewer department, the fire department or street department of the City of Winlock, shall operate fire hydrants or interfere with the same in anyway without first obtaining authority to do so from the Water and Sewer Superintendent.
- B. Prior to using any existing water through a fire hydrant or other access point along the fire system, any person, except a fire department employee or authorized city employee, requiring the use of any hydrant belonging to the city must submit a Request for Hydrant Use Form to the Water and Sewer Superintendent.
  - a. If approved, a meter and backflow assembly for the hydrant will be supplied by the city. Approved use of a hydrant shall conform to the conditions of the Hydrant Use Form and comply with city and state Cross-Connection Control Codes and Regulations.
- C. In addition to the penalties set forth in WMC 13.05.170, any person, firm, or corporation in violation of WMC 13.05.150 shall be subject to a civil penalty of up to \$2,500.00 under the civil violation process of Chapter 1.20 WMC, Code Enforcement Officer and Civil Infraction Citation Authority. Each day any violation that shall continue shall be deemed a separate offense. If the civil infraction penalty contained herein is not paid within 90 days of issuance, the city shall have the authority to terminate water service subject to WMC13.05.140.

**NOTE: this section applies to any use through the fireline system other than an emergency.**

I agree to abide by the rules and regulations per the Winlock Municipal Code. I agree to pay for the water applied for at the rate an in the manner specified in such contract and shall reserve to the city the right to charge and collect rates and to enforce the penalties provided for per city code, in the manner herein provided, to charge the rates by ordinance at anytime per city code.
